FOR IMMEDIATE RELEASE

The Oregon Clinic's Welcomes Dr. Bradford J. Glavan, Triple-Board Certified in Internal Medicine, Pulmonary Disease and Critical Care

Portland, Ore., Sept. 8, 2011 – The Oregon Clinic is honored to welcome Bradford Joseph Glavan, MD, to its Pulmonary, Critical Care & Sleep Medicine division. Dr. Glavan is triple board-certified in internal medicine, pulmonary disease and critical care medicine.

“We are delighted and honored to have a physician with his clinical excellence and broad experience in research join our group,” said Dr. Lou Libby, Chief Medical Officer of The Oregon Clinic. “His training in epidemiology will be put to good use in continuing and expanding our efforts at quality improvement in our practice, “

In addition to triple-board certification, Dr. Glavan's accomplishments include being a presidential scholarship recipient, which earned him full undergraduate tuition; membership in Phi Beta Kappa and other honor societies; being awarded repayment of student loan funds through the NIH Loan Repayment Program for Clinical Research; and various other grants and awards.

He also finds time to be an active member of several medical groups, such as the American College of Physicians, the American Medical Association, the

American Thoracic Society and the American College of Chest Physicians. He has been actively engaged in research since undergraduate school and has published articles in many peer-reviewed publications. Most recently he was involved in a study of the common genetic variants in the Fas/FasL pathway and how these variants modify the risk of acute lung injury.

Dr. Glavan earned his medical degree from University of Pennsylvania School of Medicine in Philadelphia after graduating *magna cum laude* with a bachelor's of science degree in biology from Villanova University. He also received a master's of science in epidemiology from the University of Washington School of Public Health & Community Medicine.

Dr. Glavan completed an internal medicine internship and residency at the University of Washington and was chief medical resident at the University of Washington Medical Center in Seattle. He finished fellowship training with the Division of Pulmonary & Critical Care Medicine at University of Washington prior to joining The Oregon Clinic.

About The Oregon Clinic

The Oregon Clinic is the largest private specialty physician practice in Oregon, with more than 140 providers practicing over 30 different medical and surgical specialties and sub-specialties. We use a team approach to address health conditions at more than 15 locations from Vancouver to Salem, and from Hood River to Astoria. Founded in Portland in 1994, our physicians and staff are committed to delivering the highest quality patient care, practicing evidence-based medicine, and providing leadership for the healthcare community.
